Comparable Coverage – Domestic Students

For your insurance to be considered comparable to the university sponsored health insurance plan, your insurance plan must provide the following coverage at a minimum:

1. Coverage for the entire time you will be in school including holiday breaks and summertime. The Board of Governors requires year-round coverage.
3. Prescription drug coverage. If you use a health savings account (HSA) to pay for prescriptions you may consider that as coverage for prescriptions.
4. Coverage by a provider network in the Tallahassee/Leon County area. Coverage must be available for routine, specialty, diagnostic, urgent and hospital care.
5. Coverage for urgent or emergency care only is not sufficient.
6. Major medical coverage of at least $100,000/year.
7. For female students, maternity must be covered as any other temporary condition. This is the only requirement that can be waived with the submission of a notarized form. Get the form from the health compliance office by calling 850-644-3608 or sending an e-mail to healthcompliance@admin.fsu.edu.
